

# MIGHTY MOW - TS **R-3**

# MAXIMUM PERFORMANCE MAXIMUM TURF PROTECTION

**GALAXY**  
APPLICATION SPECIFIC, PURPOSE BUILT.

- Advanced tread block geometry
- Unique shoulder lug design
- Wear-resistant compound

PREMIUM TECHNOLOGY, EVERYDAY AFFORDABILITY

# MIGHTY MOW - TS

The Galaxy Mighty Mow-TS is built to provide exceptional tire performance in commercial mowing operations. Mowers have to ride over a variety of sensitive surfaces without causing damage or disturbance. The tread block of the Mighty Mow has a geometric design to enlarge the contact area between the tread and the turf and maximize stability and turf protection. The high tread to void ratio also makes Mighty Mow-TS well equipped to perform intermittent operations on non-turf surfaces such as mud, asphalt, and other paved surfaces.

## DESIGN

Geometric block tread ensures optimal weight distribution. Lateral tread design provides steering stability, improved lateral traction, and great self cleaning.

## CONSTRUCTION

The elongated lug at the shoulder wraps the tread around the sidewall and reduces the damage caused while turning on turf.

## COMPOUND

Wear-resistant compound ensures tire life even when intermittently used on hard surfaces.

Product Code	Size	PR / LI	Type	Tread Depth (32nds)	Preferred Rim	WT (lbs)	OD (in)	Width (in)	RC (in)	SLR (in)	Max Load (lbs)	PSI	Max Speed (mph)
