

398 MPT DOT RATED FLOTATION TIRES FOR INCREASED PRODUCTIVITY

- Multi purpose tires provide high traction in the fields and on the road speeds up to 62 MPH
- Large footprint provides flotation for low soil compaction and field to highway service
- Block-type center "S" tread design provides stability in the field and comfort on the road
- All steel construction for puncture protection and defense against stubble

PREMIUM TECHNOLOGY, EVERYDAY AFFORDABILITY

A Modern Day Solution

The Alliance 398 MPT is a high-speed flotation radial tire designed to excel in multiple applications. The increasing focus on efficiency allows machinery to perform equally well in both on and off road operations. The Alliance 398 MPT moves effortlessly between the field and the road, enhancing productivity and reducing cycle time, while its high load carrying and high speed capability on the road saves both time and money.

High Performance

High Traction

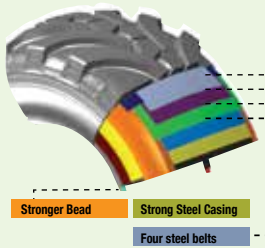

Steep angled lugs on the shoulder allows greater traction in the field even under muddy and wet conditions. The design also ensures low rolling resistance, high self-cleaning ability and smooth driving at high speeds.

High Speed (up to 62 MPH)

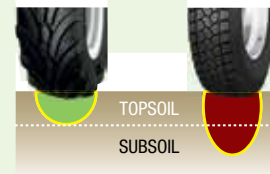

Unique 'S' shaped center block provides stable smooth rides even at high speeds. The design also ensures low noise at high speeds and reduces heat build up.

All-Steel Construction

All-steel construction allows for high loading capacity and offers puncture resistance in the field. It also ensures high carcass durability and low rolling resistance.

Low Soil Compaction

Alliance 398 MPT Standard Truck Tire

Large footprint area ensures low ground pressure and hence low soil compaction even with high loads.

Product Code	Size	Load Index	Type	Tread Depth (32nds)	Preferred Rim [†]	OD (in)	Width (in)	RC (in)	Max Speed (mph)	Max Pressure (PSI)	Max Load (Lbs)	Weight (Lbs)

Distributor:

ATG develops, manufactures and markets superior quality Off-Highway tires, globally, under three well known brands: Alliance, Galaxy and Primex. Specializing in Agriculture, Construction, Forestry, Industrial, Earthmoving, OEM and OTR application tires, the group is one of the fastest growing players in the Off-Highway tire market. ATG is dedicated to providing its customers with low Total Cost of Ownership (TCO) through superior products and exceptional customer support services.
